

LLM Brainstorming Patterns

"Change the model, change the prompt.
The structure stays the same."

5
MODELS

3
PROMPT TYPES

30
CONDITIONS

Each cluster = one prompt type (open / constrained / cross-domain) - Each small node = individual idea

MODELS

- GPT**
Optimization + tech overlay
- Gemini**
Tech-forward + environmental
- DeepSeek**
Platform + social coordination
- Claude**
Social systems + flow
- Grok**
Disruption + peer networks

6 STRUCTURAL PATTERNS FOUND ACROSS ALL CONDITIONS

- Optimization**
All 30 conditions
- Platform / System**
All 30 conditions
- Social Systems**
Strongest when constrained
- Network / Flow**
Dominant cross-domain
- Environmental**
Consistent fallback
- Tech Integration**
Open prompts only
